Tell me again
why I'm on this
stupid website?

*I got into an argument
with this dudebro, and I
need some facts!*

*Is this really
worth the
time?*

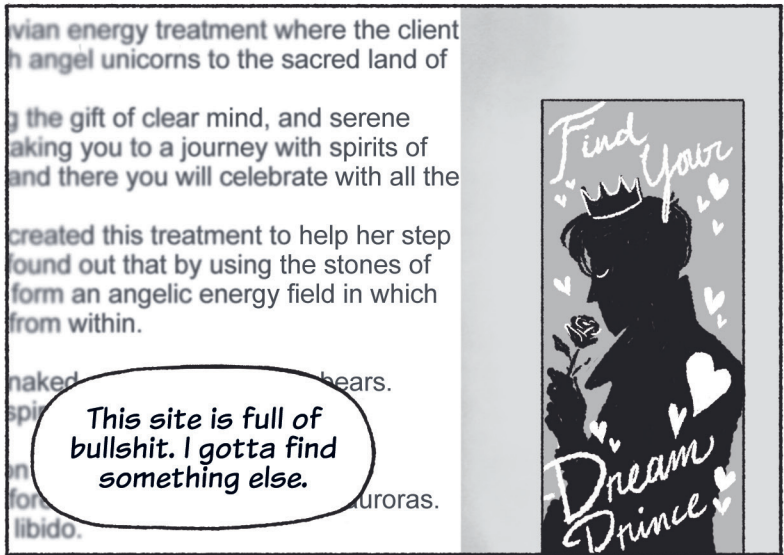

*Probably
not.*

But it just really pissed me off.

Yeah, well...

This site is full of bullshit. I gotta find something else.

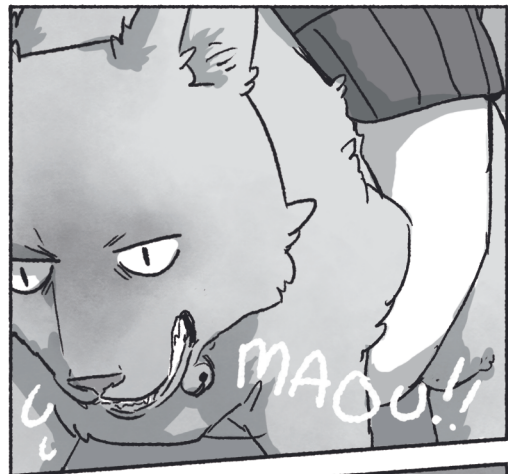

MAAOUU

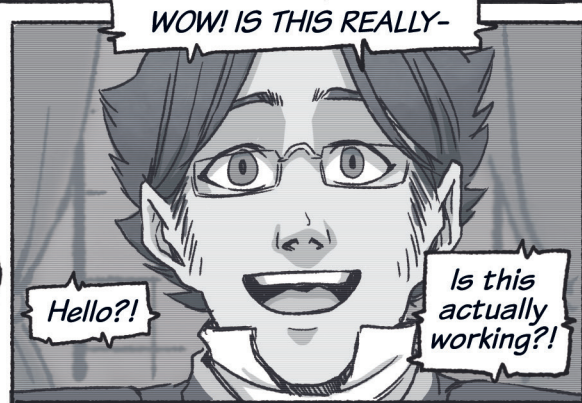

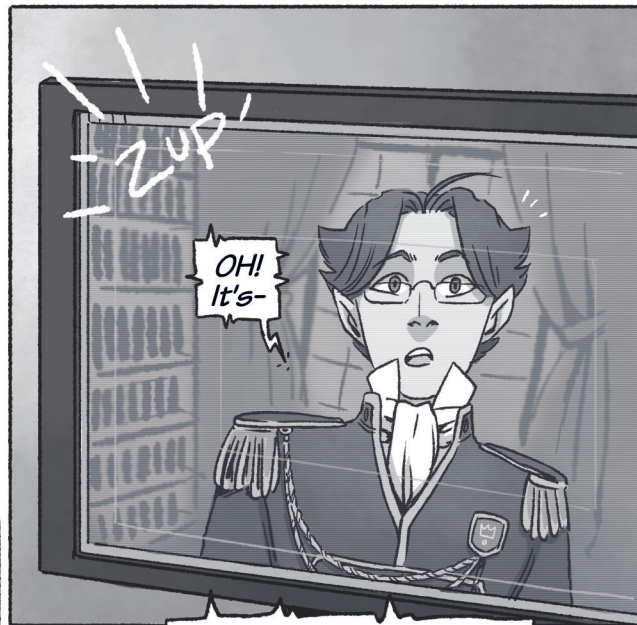

Hold on-

WAAAH!!

Who the heck are you?

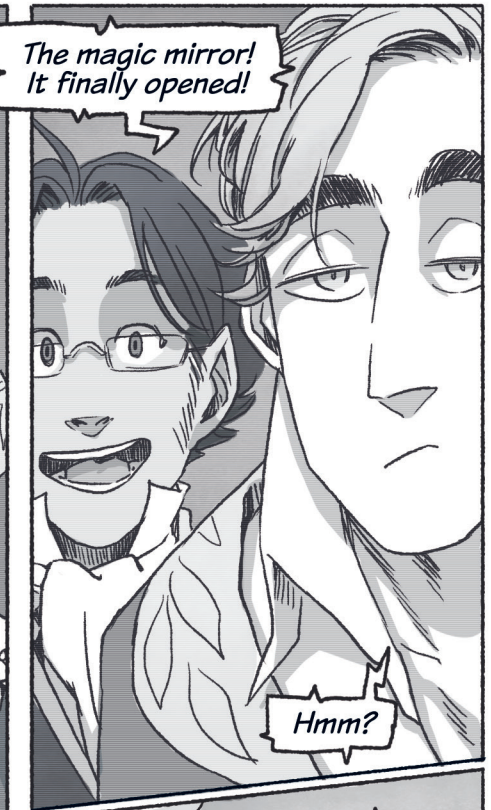

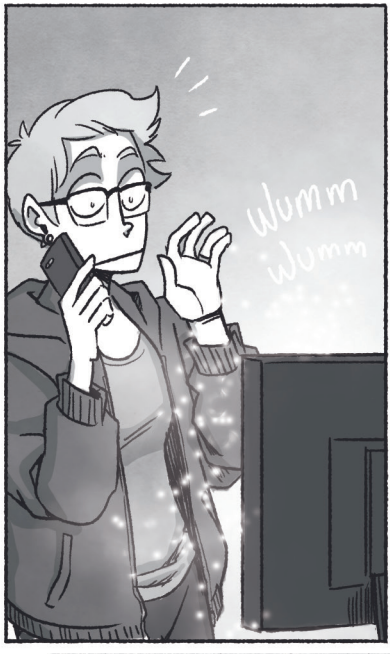

OH!
I am-
Actually,

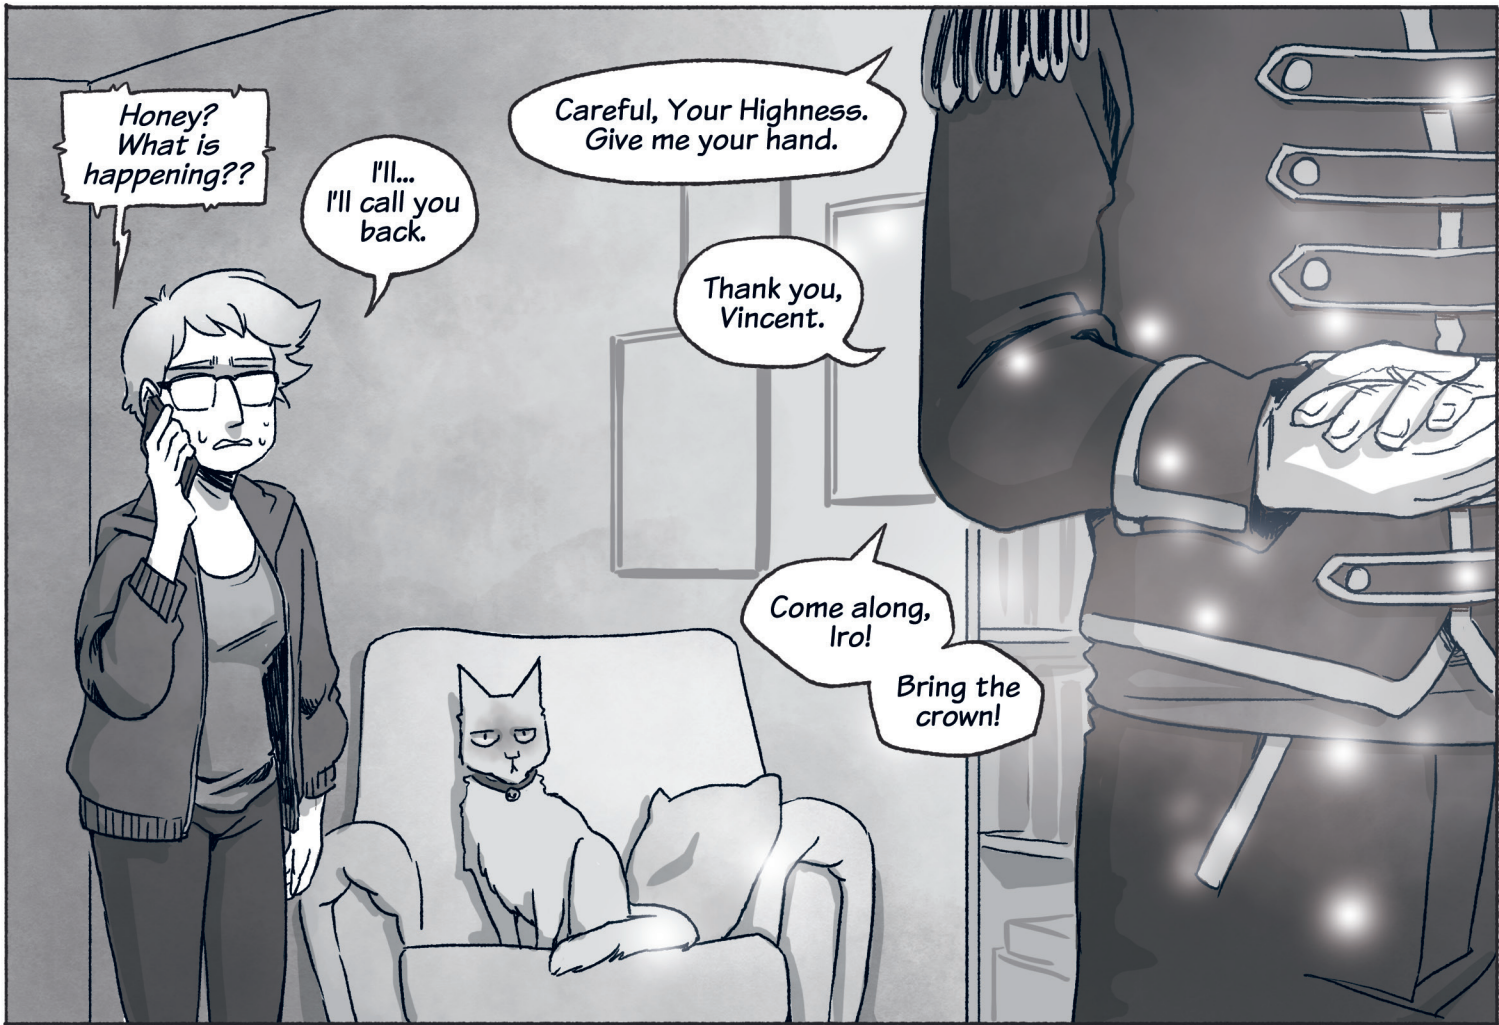

if you could
hold on just
a little
moment.

Your Highness!
It's finally
working!

Honey?
What is
happening??

I'll...
I'll call you
back.

Careful, Your Highness.
Give me your hand.

Thank you,
Vincent.

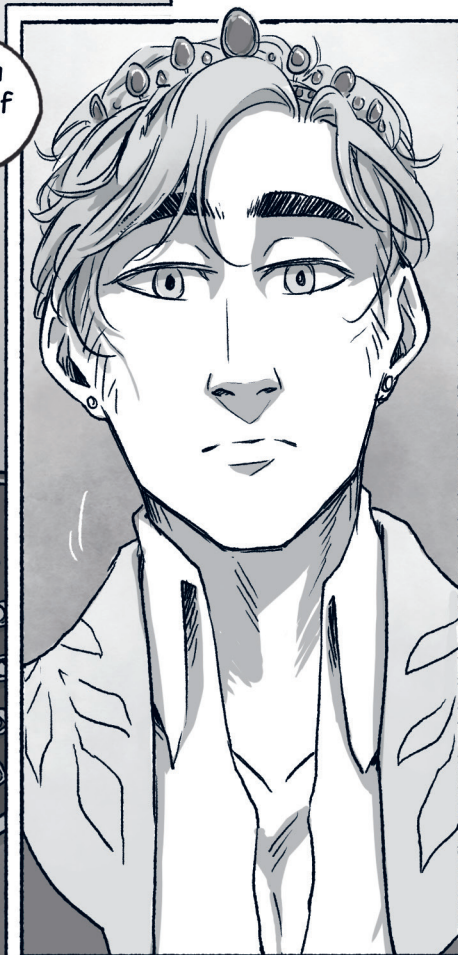

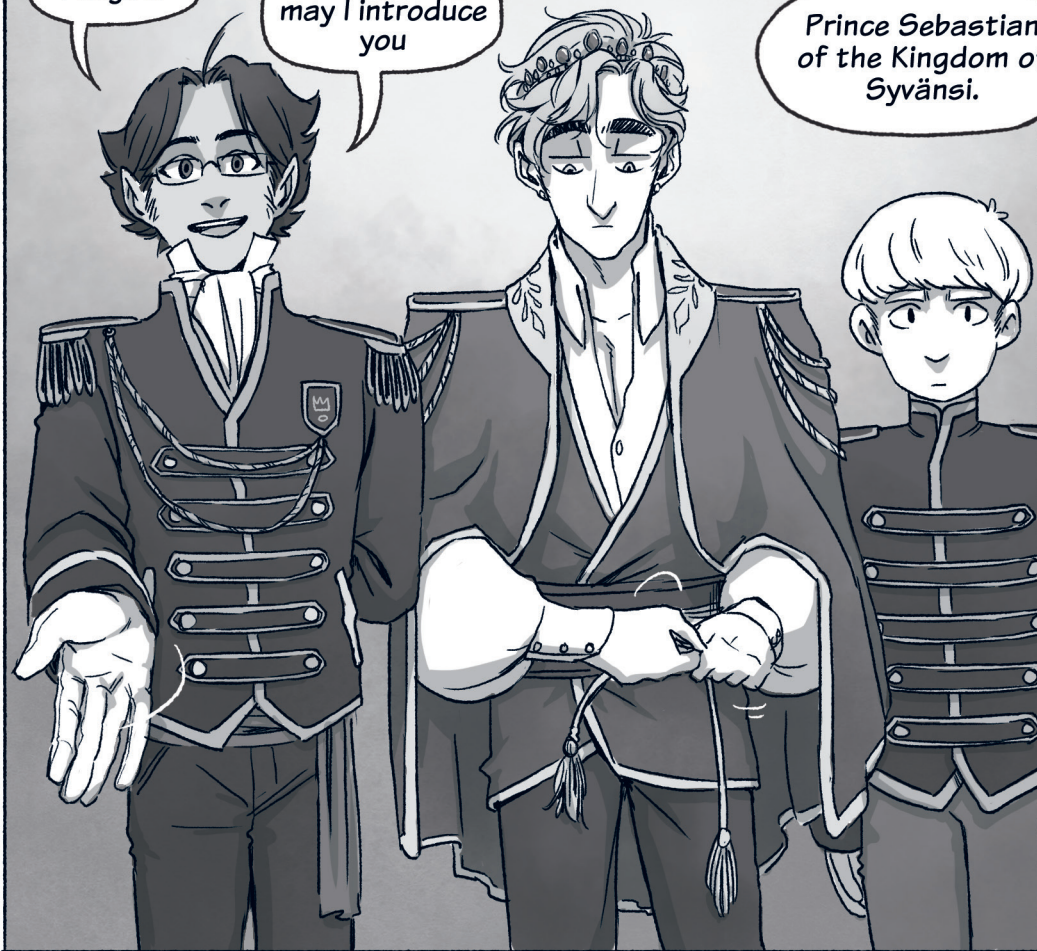

Come along,
Iro!

Bring the
crown!

Alright!

Now, my Lady,
may I introduce
you

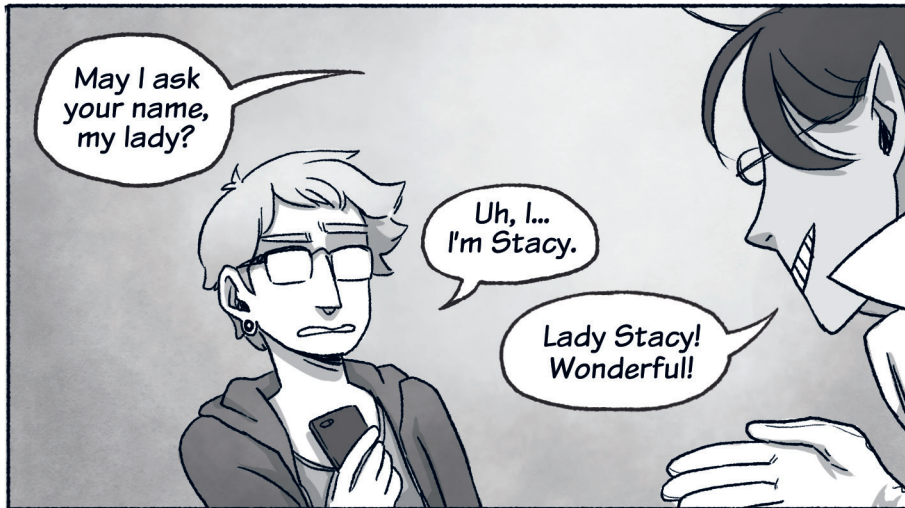

Prince Sebastian
of the Kingdom of
Syvänsi.

My name is Vincent, I am His Highness's valet.

And this is Iro, my assistant.

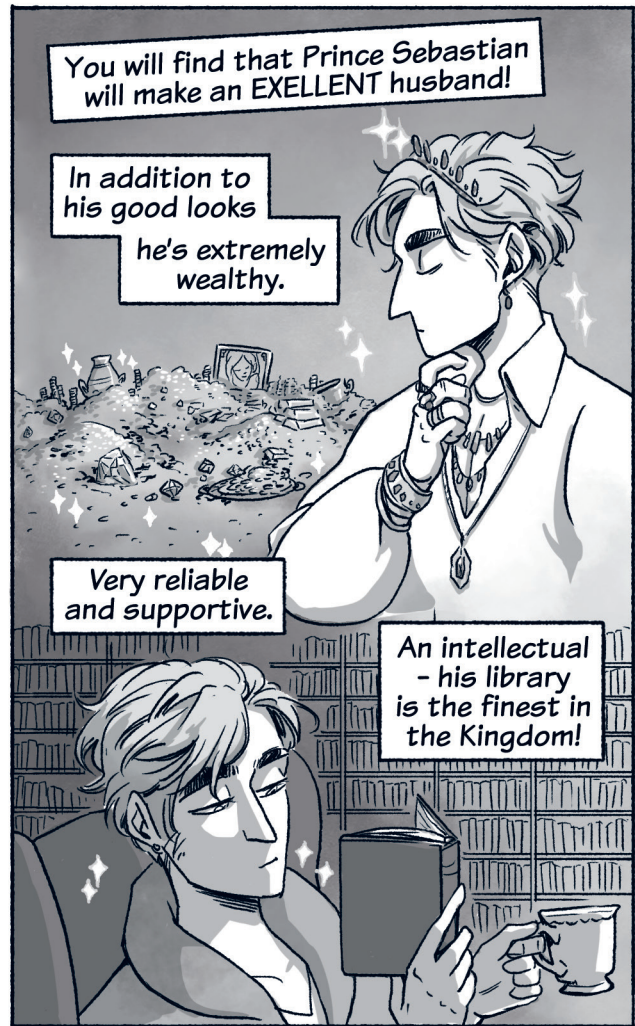

May I ask your name, my lady?

Uh, I... I'm Stacy.

Lady Stacy! Wonderful!

Uh-huh, great. And what exactly are you doing in my home? How did you get here?

He's a phenomenal swordsman.

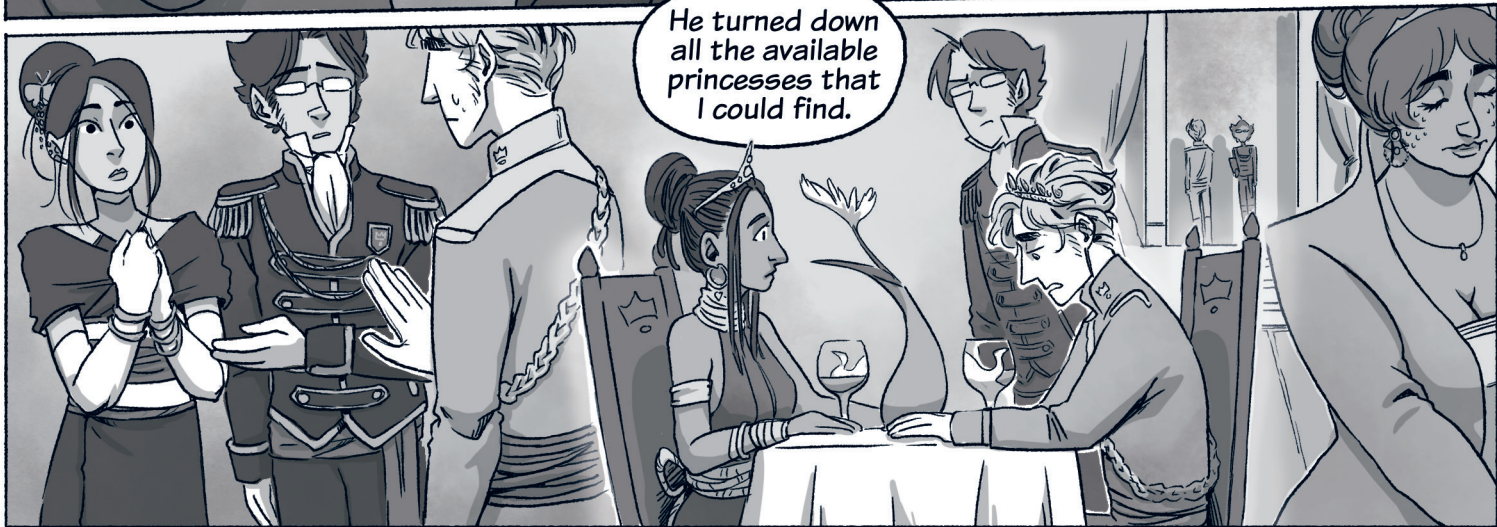

An unparalleled horseman,

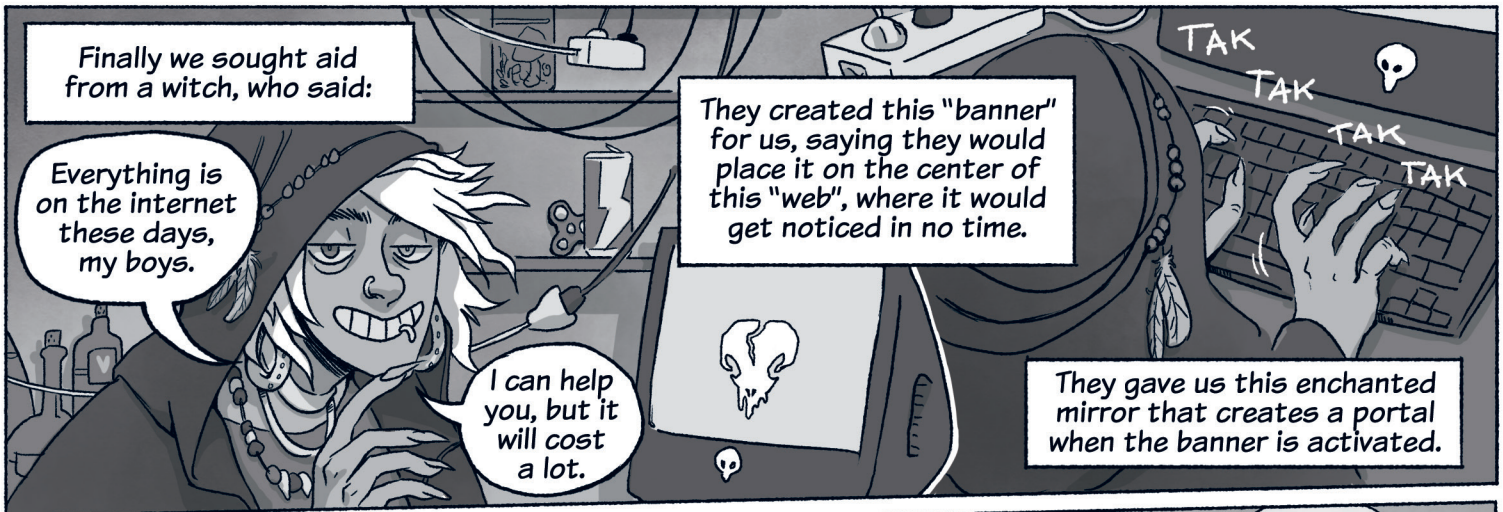

His favorite pastime is pottery,

and a friend of animals of all kinds.

Favorite dish-

Vincent, please! That's quite enough...

Finally we sought aid from a witch, who said:

Everything is on the internet these days, my boys.

I can help you, but it will cost a lot.

They created this "banner" for us, saying they would place it on the center of this "web", where it would get noticed in no time.

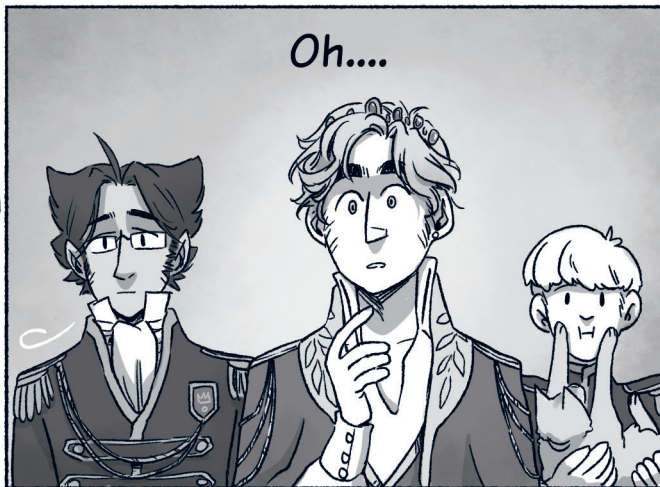

They gave us this enchanted mirror that creates a portal when the banner is activated.

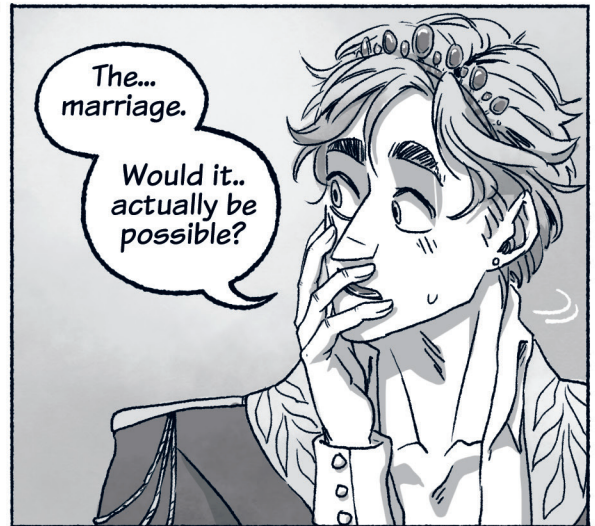

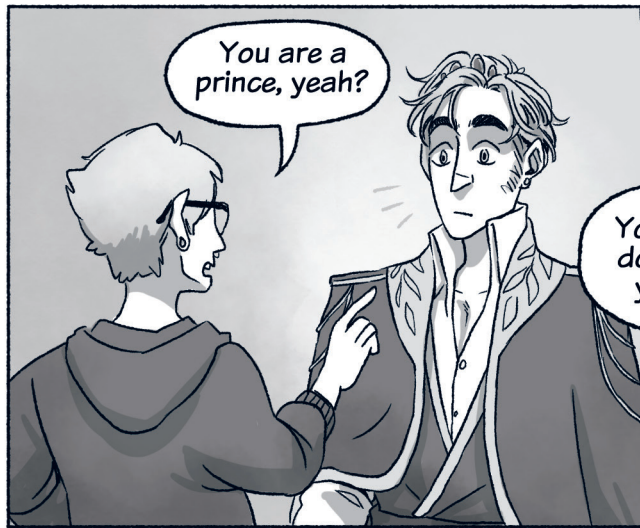

That... That was months ago.

I almost thought it was broken or that they had tricked us.

They definitely tricked these people...

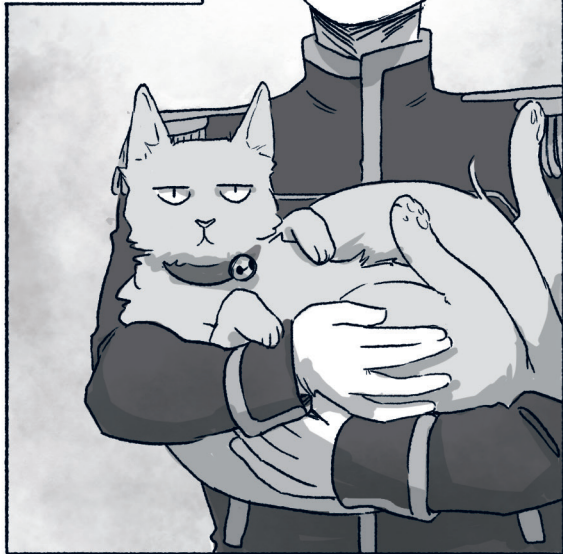

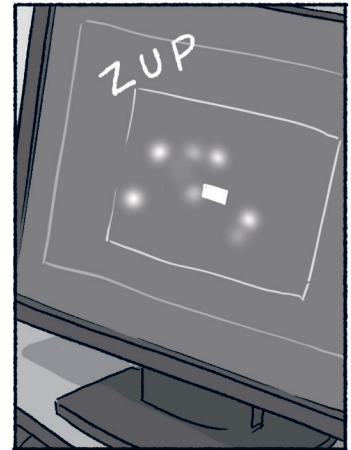

That's settled, then...

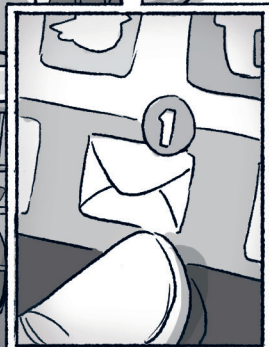

Iro, you will be the new valet!

And you will be my prince.

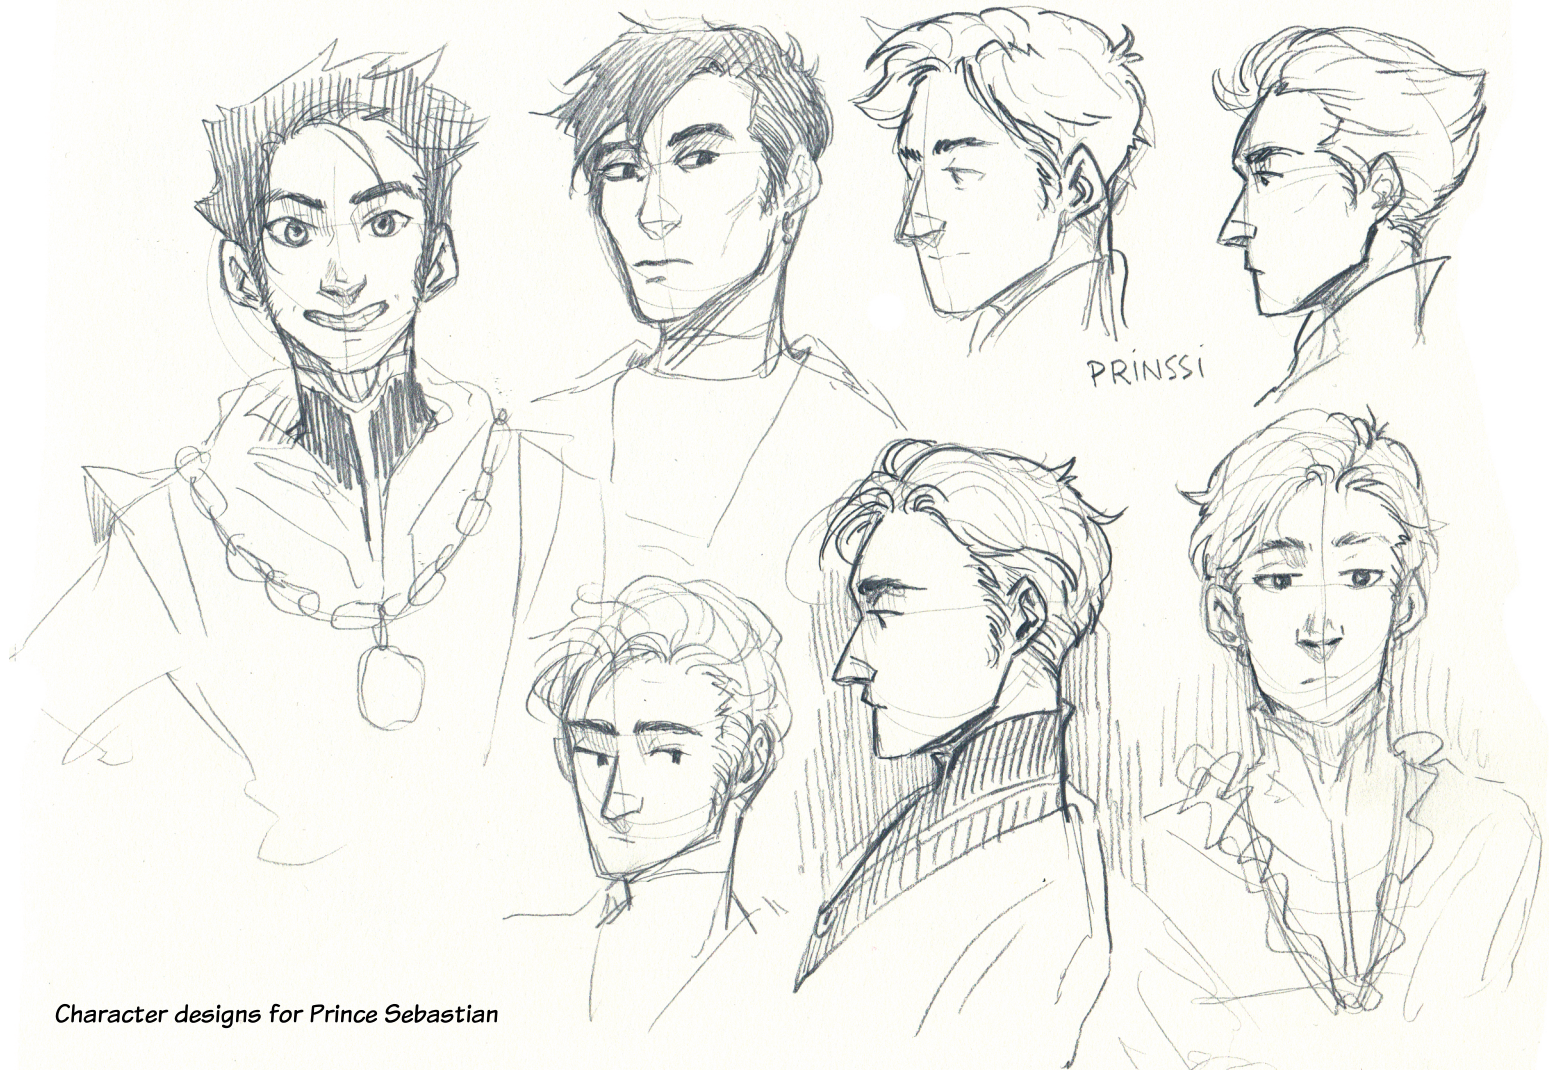

A week later
